C038/20/6a To receive a report from the Section Leader

Cllr Norris presented the following report, which was tabled and a copy of which will be appended to the Minute Book:

'Access for All' funding grant at Needham Market Railway Station.

Further to the Department for Transport funding grant of £380,000 to improve access to the Ipswich-bound platform, that has already been mentioned in the District Councillors' Report, both Suffolk County Council and Mid Suffolk District Council are contributing further funding of £50,000 each and Community Infrastructure Levy (CIL) funding is also being applied for. With work on MSDC's new Visitor Centre at Needham Lake due to start later this year, this will provide a safe and accessible route not only to the Ipswich-bound platform, but also between the town centre and the Needham Lake area.

Implementation of Civil Parking Enforcement (CPE).

Civil Parking Enforcement across Suffolk commences on 6th April 2020, when enforcement powers transfer from the Police to local authorities. Currently Suffolk's parking-related Traffic Regulation Orders use terminology consistent with enforcement carried out by Police officers. We have received details from SCC's Legal Dept. of the variation Orders proposed to update certain Articles and Schedules within the existing Orders to be consistent with the introduction of CPE. It is also stated that 'Within these variation Orders, no changes are proposed to the existing provisions governing where vehicles can stop, wait and park'.

Car parking issues, Bridge Street.

We have received a complaint from a resident of the High Street where access to the parking area behind their property is via the top end of Bridge Street, regarding drivers ignoring the 'No Waiting' restrictions in this area. The entrance to the parking area is narrow and difficult even when there are

no cars parked opposite or nearby and has led to verbal abuse from drivers when asked to respect the parking restrictions on Bridge Street. I note from the minutes of the Town Council Meeting of 19th February, which I couldn't attend for family reasons, that our Mayor, Cllr. Phillips, has undertaken to look at what options are available on car parking in the town centre, however as this issue relates to a specific area I will refer this matter to the two MSDC-funded PCSO's to monitor.

C039/20 Questions under Standing Order 40.

There were no questions.

The Meeting closed at 8:42 pm.
